## EVENT SPOTLIGHT

### DANA POINT HARBOR UNDERWATER CLEANUP

California Coastal Cleanup Day is on Saturday, September 16, 2017. Once again, the County of Orange/OC Parks will be hosting its annual Fall Underwater Cleanup in Dana Point Harbor. This is a great event where many volunteer certified scuba divers scour a section of the bottom of Dana Point Harbor in search of lost items. Dana Point Harbor has been hosting Underwater Cleanup events since May 2009. To date, the entire harbor bottom beneath all East and West Basin slips has been scoured and over 65,000 pounds of debris has been cleared. On September 16, 2017, volunteers will be focusing on areas beneath the Dana Point Guest Docks and docks at OC Sailing Center. We are currently seeking event sponsors and volunteers. Contact Kelly in the marina office at (949) 493-6222 or [KellyR@danawestmarina.com](mailto:KellyR@danawestmarina.com) if you want to get involved. Visit [www.dphunderwatercleanup.com](http://www.dphunderwatercleanup.com) for more information. What better way to celebrate California Coastal Cleanup Day!

## IMPORTANT REMINDERS

As the summer season begins to heat up, it is important that all are mindful of our boat neighbors as well as marina rules, regulations and policies. Here are a few reminders of ways you can help us keep things moving in the right direction:

- ◆ Inflatables and personal watercraft tied behind your boat can be a navigational hazard to vessels trying to operate in the area. Dinghies and personal watercraft should be stored on your boat and out of the way of navigational traffic when not in use.
- ◆ **Dock carts are to be returned to the bottom of the gangway after use.** Dock carts are provided for your convenience to get items to and from your boat. Carts are meant to be shared and should not be left in the parking lots or stored at your boat slip for the day.
- ◆ Fueling from the docks is prohibited.
- ◆ **Fishing from the docks and walkways is prohibited.**
- ◆ Be courteous to your neighbors by keeping the noise level down and your guests off surrounding vessels.
- ◆ No items should be stored or left on the dock aside from the marina issued dock box, a neatly wrapped hose and boarding steps (nothing should be stored in, on or under boarding steps).

THANK YOU FOR YOUR COOPERATION!

### CLEAN & GREEN...Boat Cleaning & Maintenance

Save major boat repairs and cleaning for the boat yard where toxic wastewater is collected for treatment and proper disposal. Tips for the topside cleaning:

- \* Contain spills and debris using tarps and collect it using vacuums or brooms.
- \* Reduce the need for boat soaps by scrubbing and rinsing your boat with fresh water after each trip.
- \* Choose phosphate-free, chlorine-free, biodegradable and non-toxic products.
